

The boats' launching was quite an exceptional event for Sunreef, as it has been the first time the company had set two catamarans afloat simultaneously. The sister ships didn't stay too long in the yard's dock as they quickly set sail to Italy to meet their respective Owners just before the start of the Med season. Both grey-hulled beauties are in fact owned by well-

known Italian families wishing to show yachting enthusiasts around the world what la dolce vita is all about. In order to do so, the Owners decided to charter both cats out in the Mediterranean right after their delivery and have them managed by the Sunreef Yachts Charter Team.

Both 19th Hole and Blue Deer have been shielded from public view for quite a while mainly because their Owners put all the focus on successfully conquering the charter market. Their intention was to take all the time necessary to work on a perfect set of enticing pictures only by the end of the busy Med season to then have the yachts officially premiered. 19th Hole and Blue Deer have fully open saloons with an impressive galley up equaling together over 30 sqm and featuring a massive countertop placed amidships to enjoy exquisite local food and elegant Italian wine. The yachts can accommodate 8 adults and 2 children in four separate spaces within the hulls. The two VIP cabins bring a maximum

of comfort and are equipped with comfortable king-size beds, wardrobes and retractable TV's. Thanks to spacious windows, facing the beds, guests can wake up in the morning sun. The two guest cabins are fitted with twin beds, convertible to doubles and an additional single bed to the wall. All of the rooms feature private bathrooms and convenient storage. The crew quarter is located in the portside hull and has a separate entrance from the cockpit that allows for more privacy when the guests rest inside the yacht. Most of the wining, dining and lounging is obviously enjoyed outside, on the boats' flybridge and cockpit, both of which boast impressive space.
